Objective

I am a self-driven and goal-oriented software developer who discovered my passion for full stack web development during my final year of business school. I am seeking an engaging opportunity to utilize my skills, education, and training to collaborate within a determined team of developers to produce meaningful products.

Skills

- Java (OOP)
- Full stack web development
  - React
  - TailwindCSS
  - NodeJS
  - ExpressJS
  - JavaScript (ES6)
  - NoSQL

Education

Get Coding NL   *2021*
Coaching Program
Bachelor of Commerce (Co-operative Education)   *2019*
Memorial University of Newfoundland

Experience
